

FNTI is a national company providing Document Conversion Services to Financial Services, Government and Education sectors. FNTI utilizes the latest technology and methodology to successfully complete some of the most complex projects in the US . FNTI is headquartered in San Jose, CA with distributed production centers across the nation in the following locations:

- Hayward, CA
- Ontario, CN
- Chicago, IL
- San Antonio, TX
- Orlando, FL
- Portland, OR.

FNTI has worked successfully with the FNF family of companies for 10 years, scanning and indexing in excess of 750,000,000 documents from a range of different applications. We have traveled to FNF locations and scanned onsite. We have retrieved documents from FNF locations to our Production Centers for conversion. We have also indexed and migrated documents that FNF has already scanned.

Our conversion services cover the full range of requirements FNF has encountered within their varied operations such as:

- Film/Fiche scanning
- Paper scanning
- Book scanning
- Map scanning
- Full property and legal indexing
- Integration and delivery of services directly into FNF's image storage platforms

Our proven track record, competitive pricing and experience with FNF operations and systems make FNTI a good option for your conversion project.
